## WITHOUT REGARD TO RACE...

WE BELIEVE that every person has the moral and legal right to rent, buy, or build a home anywhere without restrictions which are based upon race, religion, or national origin. Equality of opportunity is basic to American society.

Therefore, we will welcome persons into our neighborhoods without regard to race, religion, or national origin; and we will work with them to build, to improve, and to maintain a community which is good for all.

Persons who believe in Fair Housing, please write to:
